**Handling & Storage:** Do not get in eyes or skin or on clothing. Do not breathe mist. Keep container closed. Use only with adequate ventilation. Do not taste or swallow. Wash thoroughly after handling. To avoid rapid temperature rise, violent spattering, or explosive eruptions always add caustic to water when mixing. Never add water to a caustic when mixing. Add small amounts of product slowly and evenly over single addition, Water should not exceed 70<sup>0</sup> C during addition. Do NOT store near strong acids.

### Section 8: Exposure Controls/Personal Protection

**Engineering Controls:** General (mechanical) room ventilation is considered satisfactory in enclosed spaces.
